 Does filing only apply to certain territory (territories) or certain classes? If so, specify: No...applies to entire state

Brief description of filing. (If filing follows rates of an advisory organization, specify organization): At this time, we'd like to introduce a stand alone earthquake program in Illinois. We've reviewed multiple competitor filings and compiled research from the Institute of Business and Housing Safety and the Insurance Services Organization to develop what we feel is a comprehensive program and necessary product to offer.

\_\_\_\_ We modeled our rates and territory structure based upon ISO's most recent loss cost filing and territory filing for earthquake. The Circular reference numbers are LI-DP-2009-111 for Loss Cost filing and LI-DP-2009-112 for the Territory and Rules filing. We added our loss cost multiplier to their rates to create our own rates. We do not feel that these rates are inadequate or excessive.

Brief description of filing. (If filing follows rates of an advisory organization, specify organization): The proposed "Enhanced Motorcycle Program 2.0" is designed to better align our new business prices with top competitors as well as industry loss cost experience. This program has four main changes: 1. Introduces new bike type factors (including two new bike types) in order to appropriately price policies based on the type of bike they own. 2. Introduces more granular engine size factors. 3. Includes new operator factors that take into account motorcycle driving experience as well as age. 4. Introduces multi-policy and anti-lock brake discounts. Overall this program will allow us to remain competitive and more appropriately price our new business product offering while having no impact on current policyholders.
